## Notice

Please don't be discouraged by any of these descriptions. If you are interested in a certain canvas and are confident in your abilities, go for it! Some of our canvases may be deceiving and we want to make sure you are aware of the difficulties.

Our studio artists are here to help you (seriously, that's their job☺). However, a studio artist cannot guide you through each and every step of the canvas. The step by step instructions were created with you in mind so you can paint the canvas without an instructor. If you are interested in learning how to paint a canvas, check out our monthly calendar! We offer multiple canvas classes that include an instructor who will teach you how to paint your masterpiece. Or you can plan a canvas party and everyone in your party (6 or more) will learn how to paint that particular canvas! Ask a studio artist for party details.

*If you have any questions, please ask a studio artist!*
